

NOBAZELLTUPF®

Product Description and Purpose

The non-sterile cellulose swab roll is provided with a perforation, which allows a practical taking of the swabs. They are suited for the preparation of injections and small punctures (for example vein punctures). Before use on open wounds, NOBAZELLTUPF® must be sterilized in accordance with a validated sterilization method.

Composition

Cellulose

Normative and Legal Requirements

NOBAZELLTUPF® is a medical product in accordance with the MDD, class I, rule 1, and complies with the requirements of the directive 93/42/EEC.
