

## NOBATEX<sup>®</sup> in Folie

### Product Description and Purpose

The white, woven and elastic fixation bandage is individually packed in foil. Owing to its weave the bandage looks curled or creped. Due to its padding effect it is advantageously used for shaping and/or fixing plaster splints and as a fixation of wound pads.

### Composition

Viscose, polyamide

### Normative and Legal Requirements

NOBATEX<sup>®</sup> is a medical product in accordance with the MDD, class I, rule 1, and complies with the requirements of the directive 93/42/EEC.

The product does not contain dangerous toxic substances according to REACH. It has CE marking and EN 980 labels on all its packaging.

### Packaging

Primary packaging: foil

Secondary packaging: folding box made of cellulose

Tertiary packaging: carton made of cellulose

### Storage

To be stored in a dry and dust-free environment
