

# NOBA Verbandmittel

Danz GmbH u. Co KG

## NOBAVARO®

### Product Description and Purpose

The carrier material of this bandage consists of a lengthwise and crosswise elastic knitted fabric. The bandage can therefore be applied without creating hardly any wrinkles, even by persons with little practical experience. It is soaked with damp zinc paste. It supports the therapies of thrombosis, varicose veins and is used in the after-treatment of fractures. Due to its cooling effect at the outset, NOBAVARO® is also applicable in the case of sports injuries.

### Composition

Carrier fabric made of viscose and polyamide, coated with zinc paste

### Normative and Legal Requirements

NOBAVARO® is a medical product in accordance with the MDD, class I, rule 1, and complies with the requirements of the directive 93/42/EEC.

The product does not contain dangerous toxic substances according to REACH. It has CE marking and EN 980 labels on all its packaging.

### Packaging

Primary packaging: aluminium-coated foil

Secondary packaging: folding box made of cellulose

Tertiary packaging: carton made of cellulose

### Storage

To be stored in a dry and dust-free environment, protected against direct sunlight, temperature must not exceed 25°C
