

VERBANDPÄCKCHEN

Product Description and Purpose

The first-aid dressing is packed in an easy-to-open sterile pouch which allows a sterile application. A special wound pad prevents an adhesion to the wound.

Composition

Viscose, nylon, polypropylene, polyethylene, ethylene-methacrylic acid, copolymer

Normative and Legal Requirements

VERBANDPÄCKCHEN (first-aid dressing) is a medical product in accordance with the MDD, class Is, rule 4, and complies with the requirements of the directive 93/42/EEC.

The first-aid dressing complies with the requirements of DIN EN 13151 and 53923.

Sterilization of the product complies with DIN EN 11137.

The product does not contain dangerous toxic substances according to REACH. It has CE marking and EN 980 labels on all its packaging.

Packaging

Primary packaging: paper-film packaging

Secondary packaging: PE bag

Tertiary packaging: carton made of cellulose

Storage

To be stored in a dry and dust-free environment, protected against direct sunlight
