

NOBA Verbandmittel

Danz GmbH u. Co KG

NOBASPONGE®

Product Description and Purpose

Individually packed sterile fine-pored foam swab for use as wound pad. The swab absorbs liquid which is not released even if pressure is exerted. It maintains a moist wound climate and permits a free gas and steam exchange. It does not adhere to the bottom of the wound and can be removed without remaining residues. The foam swab has padding features and can also be used underneath compression bandages.

Composition

Polyurethane foam

Normative and Legal Requirements

NOBASPONGE® is a medical product in accordance with MDD, class Is, rule 4, and complies with the requirements of the directive 93/42/EEC.

Sterilization of the product complies with DIN EN 11135.

The product does not contain dangerous toxic substances according to REACH. It has CE marking and EN 980 labels on all its packaging.

Packaging

Primary packaging: paper-film packaging

Secondary packaging: folding box made of cellulose

Tertiary packaging: carton made of cellulose

Storage

NOBASPONGE® is to be stored in a dry and dust-free environment, protected against direct sunlight.
