

NOBA Verbandmittel

Danz GmbH u. Co KG

NOBARHINAL®

Product Description and Purpose

The nose bandage (nose extractor) has a soft, cylindrical and highly absorbent viscose non-woven padding that is covered by an elastic knit fabric. The attached elastic loops allow a fixation behind the ears. The ends can also be tied up at the back of the head. If used post-operatively, the nose bandage absorbs blood and wound secretions. In cases of colds the absorbent pad can be dripped with essential oils, so as to ease breathing.

Composition

Viscose, polyamide

Normative and Legal Requirements

NOBARHINAL® is a medical product in accordance with the MDD, class I, rule 1, and complies with the requirements of the directive 93/42/EEC.

The product does not contain dangerous toxic substances according to REACH. It has CE marking and EN 980 labels on all its packaging.

Packaging

Primary packaging: folding box made of cellulose

Secondary packaging: carton made of cellulose

Storage

To be stored in a dry and dust-free environment, protected against direct sunlight
