

NOBARIGID[®]-Schiene

Product Description and Purpose

The splint material of NOBARIGID[®]-splint consists of an aluminium band which is padded on one side with foam material. Extremities can quickly and easily be immobilized by means of this splint. The aluminium band is easy to form and the length can be adjusted with simple bandage scissors or cast scissors. An adequate bandage is needed to fix the splint.

Composition

Aluminium, polyester-based polyurethan foam

Normative and Legal Requirements

NOBARIGID[®]-Schiene (splint) is a medical product in accordance with the MDD, class I, rule 1, and complies with the requirements of the directive 93/42/EEC.
